

Rental Power

from Riggs Cat

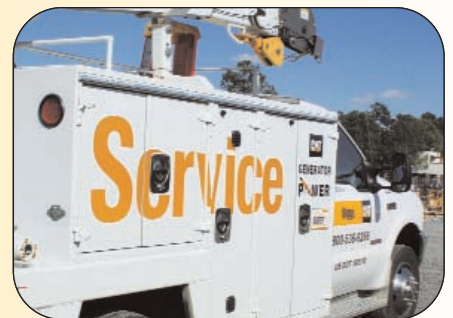

The lifeblood of your business is reliable electric power. Rental ensures that you will never be without it. Connect a unit to your building, take one to a remote location or connect multiple units in parallel. Get the power you need for any purpose:

- **Rebuilding after a fire, storm or flood**
- **Powering construction of a new building or addition**
- **Powering maintenance machinery during scheduled plant shutdowns.**
- **Providing standby power to protect critical loads.**
- **Carrying seasonal peak loads to reduce utility bills.**

Your Cat power equipment comes as a complete package - everything you need is there. All units are self-contained, trailer ready for easy delivery, designed for quick connection and fast, convenient servicing.

Riggs Cat offers diesel powered generators in sizes ranging up to 2,000kW. Cat rental generators are equipped with options such as:

- **Fine Voltage adjustments on operators panel**
- **Array of courtesy power options**
- **Trailer mounted**
- **On board fuel supply**
- **Ultra quiet operation**
- **Electronic governors**
- **Auto start ready for back up power**

Riggs
